

## GreensTone PCB assembly capability

Item	Item name	PCB assembly capability
1	PCB Type	Rigid PCB
2	PCB Shape	Rectangular, Circular and any Odd Shapes
3	PCB Dimension	<p>Min Board Size: 50mm x 100mm (Boards smaller than this size need to be panelized)</p> <p>Max Board Size: 250mm x 500mm</p>
4	Types of solder	leaded and lead-free (RoHS Compliant) assembly
5	Components Size	<p>Passive Component: components as small as 01005, 0201, 0402.</p> <p>BGA: handle BGA of 0.25mm pitch with X-ray testing.</p> <p>Fine Pitch to 0.25mm</p> <p>UBGA, QFN, POP, leadless chips, connectors and terminals.</p>
6	Components package	in Reels, Cut Tape, Tube & Tray, Loose Parts and Bulk.
7	Components Source	Turn-key/partial turn-key
8	Stencils	laser cut stainless steel stencils
9	Quantities	1-50000pcs
